Our Vision

We are the most aspirational auto-sector in India, and we are continually winning:

- * driving sustainable mobility solutions.
- * exceeding customer expectations .
- * generating a highly engaged workforce

Our Mission

Within a decade, we will be ranked in the top ten in India. We aspire to thrive in our sector by constant innovation, collaborative efforts, responsible practices, and a customer-centric approach, customer focus, and strategic expansion.

- DGM Auto Group from last 10 year we are in this field. We are pleasure to introduce ourselves as leading manufacturing of sheet metal components
- DGM AUTO GROUP mainly working with industries like Automotive, Automobile, Textile, Power Plant, Earth Moving and Agricultural and also General Engineering and has experience in producing product to the very good Standard.
- We promise deliver on time sourcing our Products and Material carefully enabling competitive pricing which consists of highly experience and dedicated work force.

We were **ISO 9001 : 2015** certified since 2000.

Quality Instruments

- 1) Vernier Caliper = 0 to 300 mm
- 2) Digital Vernier Caliper = 0 to 150 mm
- 3) Height Gauge = 0 to 300 mm
- 4) External Micrometer = 0 to 25 mm
- 5) Radius Gauge = 1 to 15 mm
- 6) Magnet V-Block = 4 Inches
- 7) Right Angle
- 8) Degree protector
- 9) Angle Plate

Sheet Metal Components

↑ Our sheet metal components available in a range of sizes and shapes between 100 METERS. for commercial applications.

↑ Also available in different types of sheet metal for automotive Sheet Metal

Automotive Sheet Metal Components, aluminium Sheet Metal Components.

Sheet Metal Components

Sheet Metal Components

● **Copper Sheet Metal Press Components**

● **Aluminium Sheet Metal Components**

● **Automotive Sheet Metal Components**

Electrical & Control Panel Boxes

We are manufacturer of Sheet Metal boxes in various material as per the requirements , Which is used for electical & Control panel & for other applications.

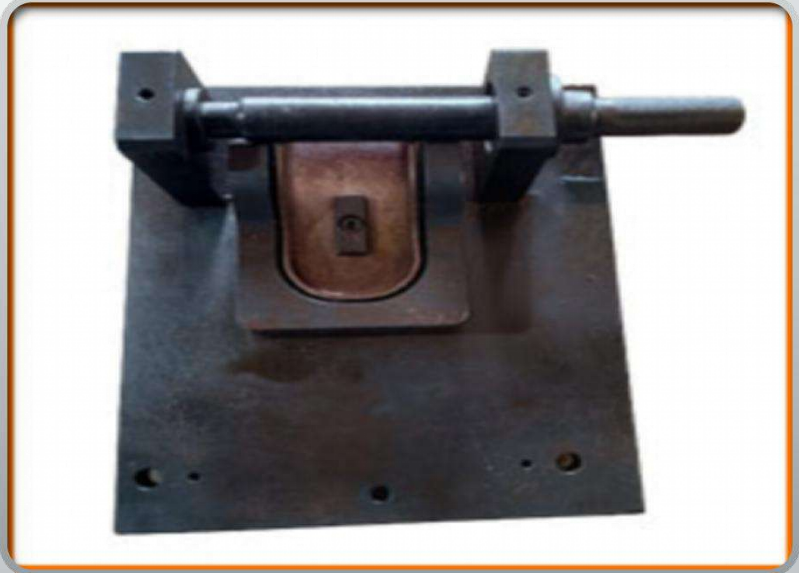

JIGS & FIXTURES

D G M
AUTO
GROUP

- Our durable jigs provide steady base for temporary holding and positioning of auto parts.
- While our fixtures are considered offer permanent and complex base for permanent fixing of components.

JIGS & FIXTURES

- Polished **Cast Iron Jigs and Fixtures**, for Industrial

JIGS & FIXTURES

- Mild Steel Jig Fixture, Feature : Easy To Install, High Strength, Rugged Design

DRAW COMPONENTS

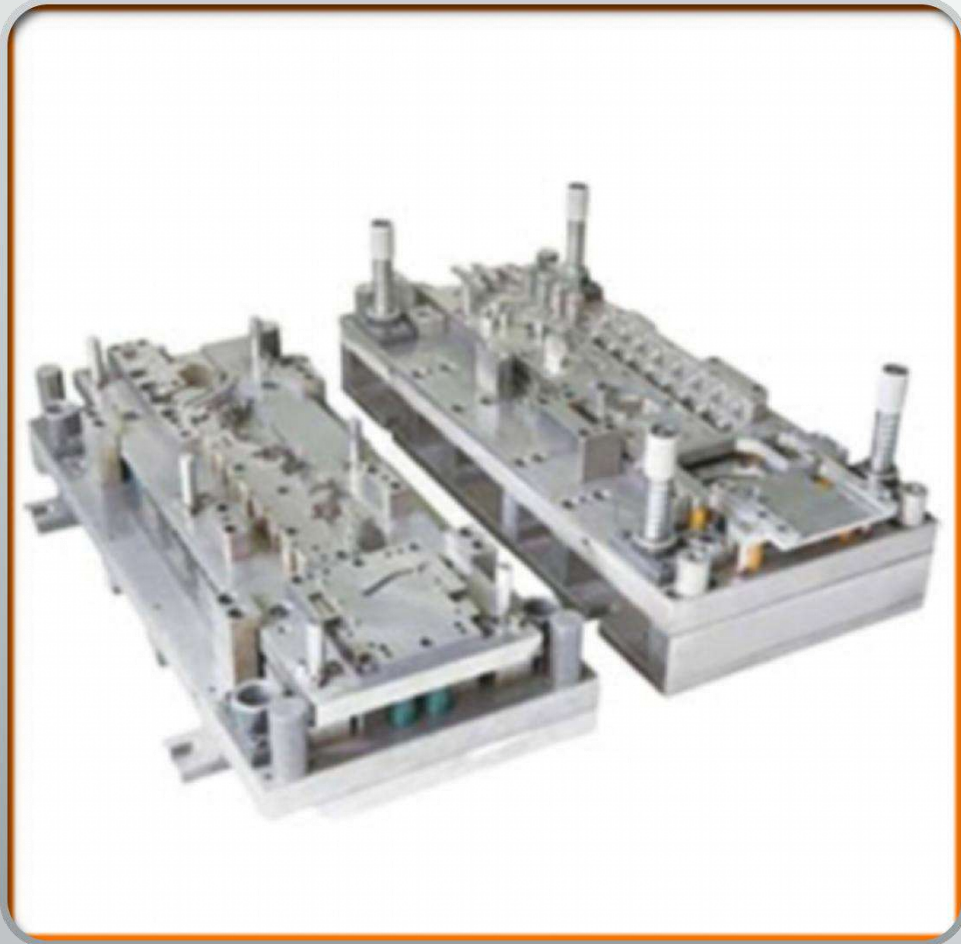

- We manufacturer high quality and durable draw components for specific needs of our customers. Besides this we also develop the draw components in progressive tools.

DRAW COMPONENTS

D G M
AUTO
GROUP

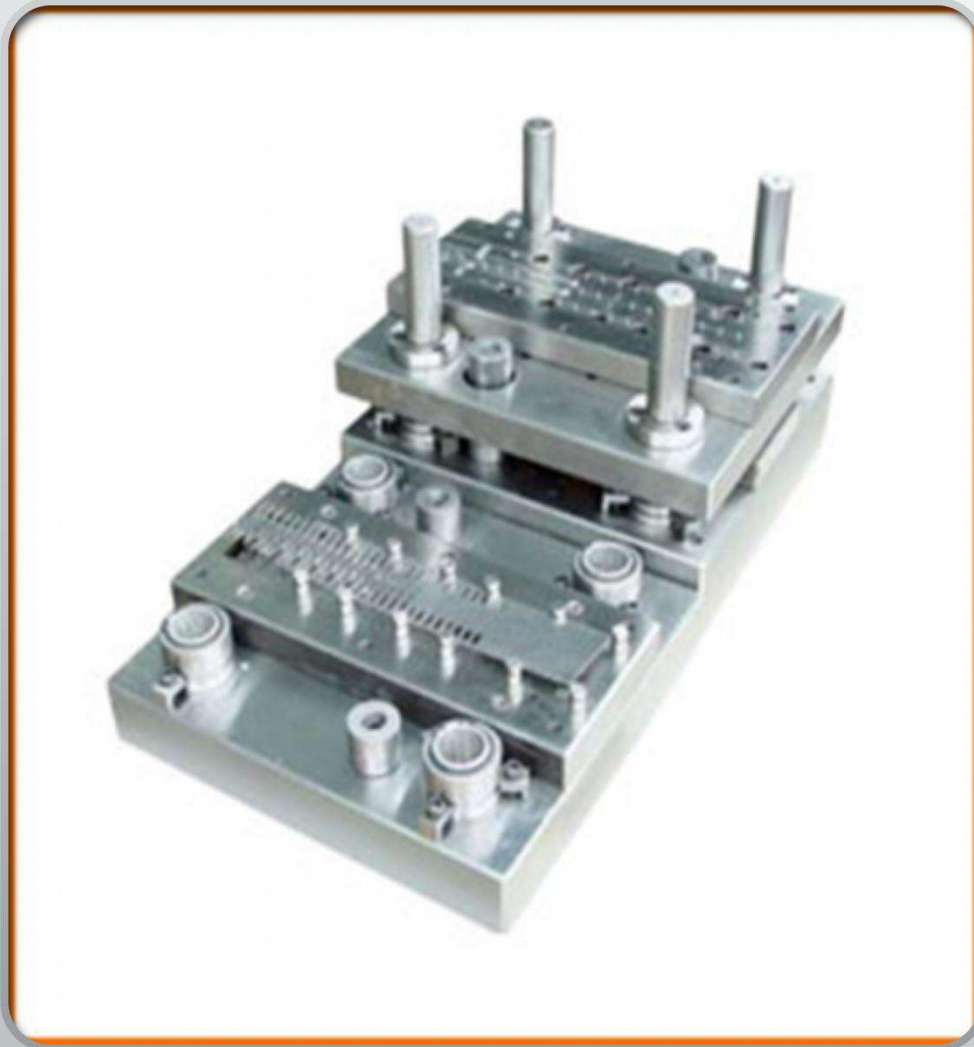

- We have experts in designing Progressive press tools, Precision machined auto components, Automotive engineering tools and other components as per customer specification.

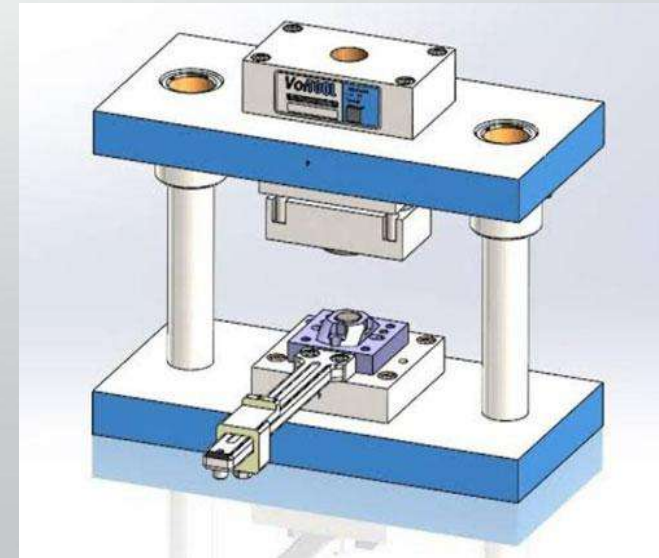

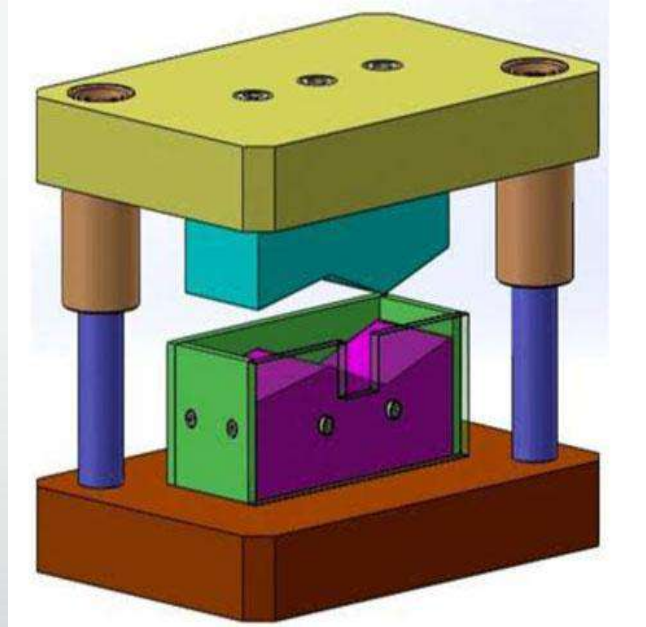

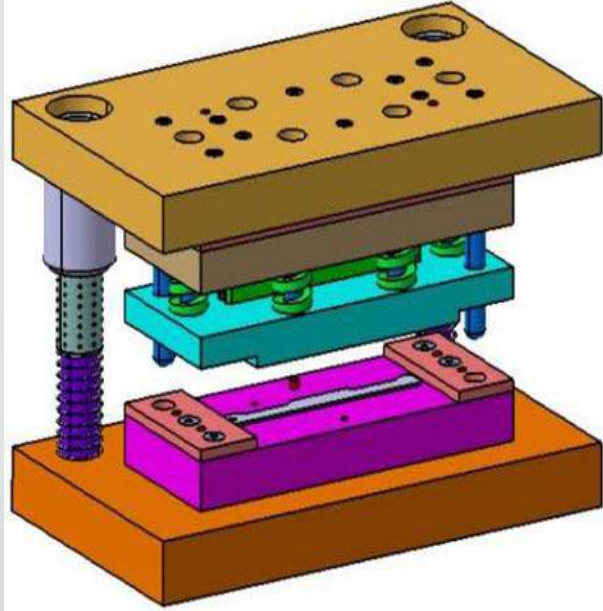

PROGRESSIVE TOOLS

DEVELOPED COMPONENTS

D G M
AUTO
GROUP

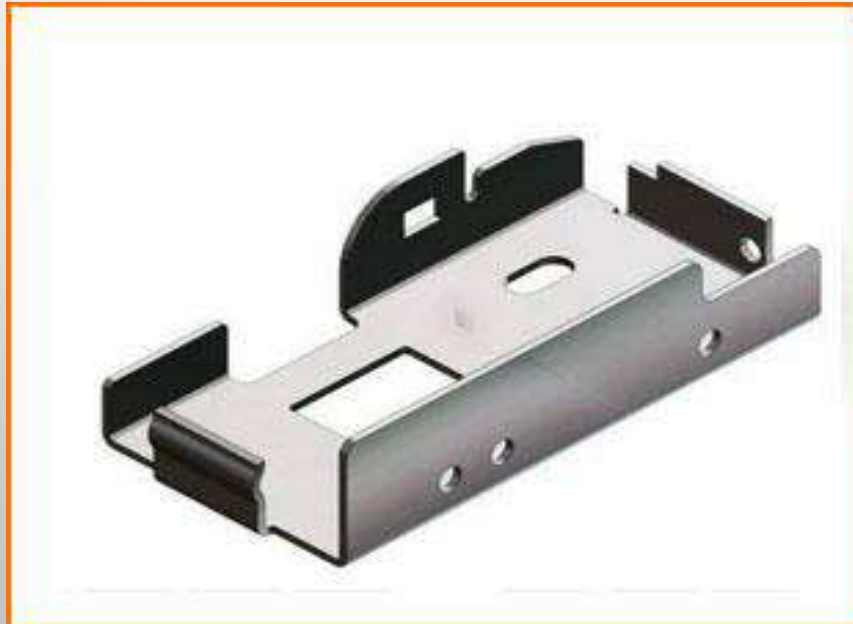

- Our commitment to excellence shines through in quality of our meticulously developed components.

CRITICAL COMPONENTS

- Delivering the best critical components is our hall mark.

CRITICAL COMPONENTS

PRESS SHOP

- 50 Ton Size - 150*300*450 'C' Type
- 100 Ton Size - 300*550*650 'C' Type
- 100 Ton Size - 300*600*650 'H' Type
- 150 Ton Size - 350*650*750 'H' Type

- ON PROCESS
- 200 Ton Size - 400*850*1300 'C' Type
- 150 Ton Size - 370*700*1100 'C' Type

WELDING SET UP

- **Projection Welding Machine**

- **Spot Welding Machine**

WELDING SET UP

- CO2 Welding Machines

- Tig Welding Machines

- **Radial Drill**

- **Lathe Machine**

D G M

GROUP

- **Surface Grinding**

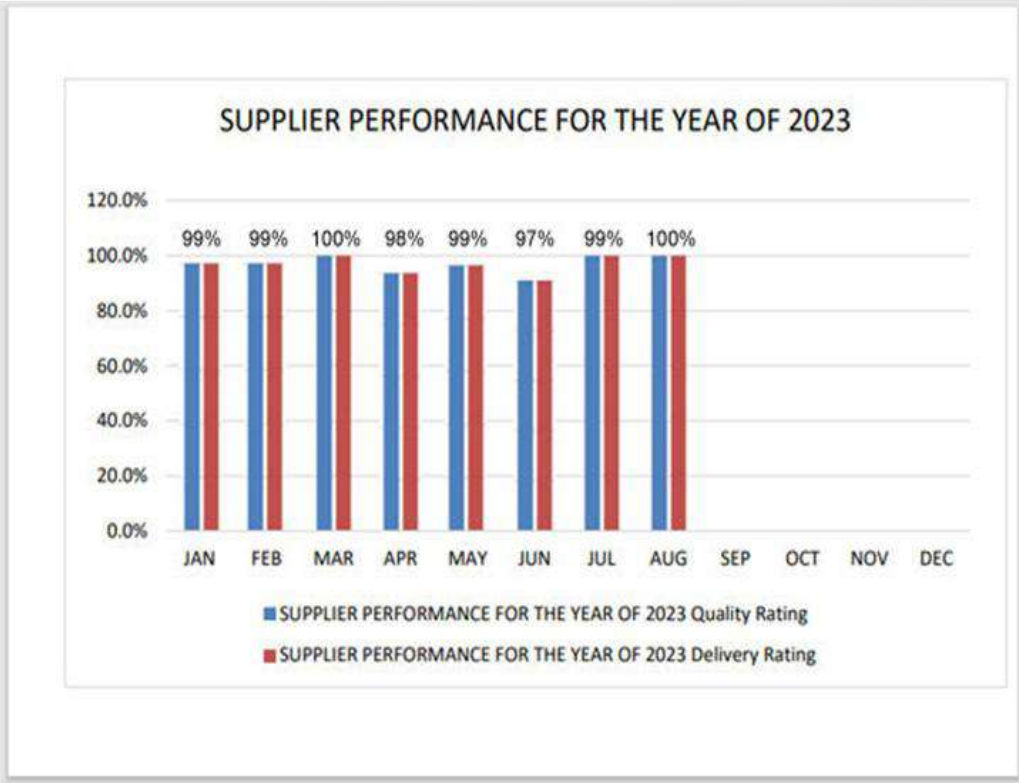

ANNUAL SALES

- TURNOVER

- PERFORMANCE

CLIENTS

Over the years, D G M auto group, emerged as a force, as the supplier of ready-to-use component / sub-assembly and tooling manufacturer. D G M auto group at present feel very proud to be associated with auto giants like

- **Sal Automotive Limited.**
- **Datsons Engineering works Pvt. Ltd.**
- **Manoj Industries.**
